PRICES & TYPES

Vignette types and their validity period

You can easily find the right vignette for cars and motorcycles: 1-year, 2-month and 10-day vignettes are available.

The 1-year vignette for 2016 is valid **from 1 December 2015 to 31 January 2017 inclusive**. The 2-month and 10-day vignettes are punched by the vendor on purchase. **Important note:** These vignettes are invalid if not punched.

Current vignette prices:

Vignette type	Price*
Car (up to 3.5t GVW) 1-year vignette	85.70
Car (up to 3.5t GVW) 1-2-month vignette	25.70
Car (up to 3.5t GVW) 10-day vignette	8.80
Motorcycle 1-year vignette	34.10
Motorcycle 2-month vignette	12.90
Motorcycle 10-day vignette	5.10

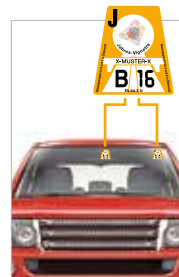

*in EUR incl. sales tax

DISPLAYING YOUR VIGNETTE

HAVING BOUGHT YOUR VIGNETTE, IT IS ESSENTIAL TO DISPLAY IT CORRECTLY ON YOUR VEHICLE.

How to affix the car vignette correctly:

The vignette should be clearly visible on the inside of the windscreen (we recommend the top left corner or close to the rear view mirror). **Important note:** Do not affix the vignette in the visor strip!

How to affix the motorcycle vignette correctly:

The vignette should be affixed to a clean and, most importantly, permanently-mounted section of the motorcycle (e.g. fork tube or fuel tank). **Important note:** Do not affix your vignette to the trunk or a side bag!

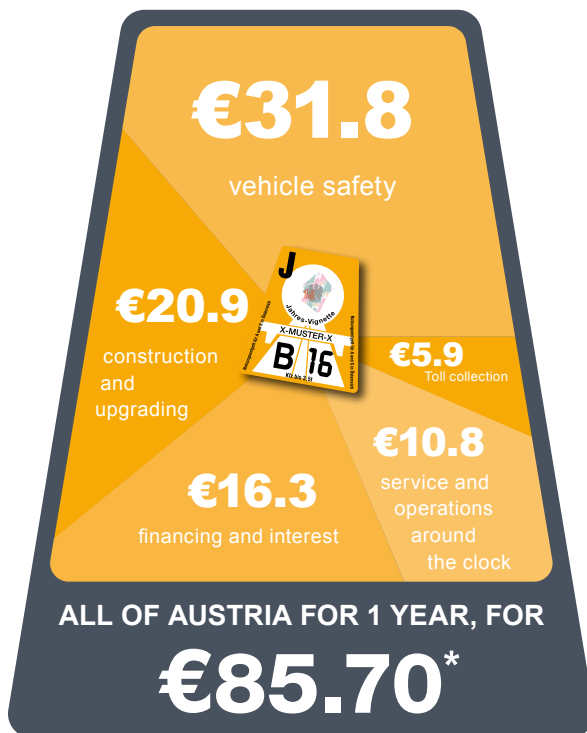

How to remove an old, expired vignette quickly and easily:

The best method is to lift one corner with a glass or vignette scraper and then pull off the vignette. Moisten any residue with water and wipe off with a clean cloth.

Visit “Conny” at www.asfinag.at for more tips on vignettes.

OUR SERVICES

ASFINAG does not receive any tax revenues. We operate solely – and very carefully – through the income received from truck tolls and vignettes.

* with the exception of special toll routes

YOUR QUESTIONS – OUR ANSWERS

? Which vehicles need to display a vignette?

Vehicles (cars, mobile homes, motorcycles) up to and including 3.5 tonnes maximum gross vehicle weight (GVW).

? Where does the mandatory vignette requirement apply?

Mandatory tolls apply to all motorways and highways in Austria.

? Do vehicles with interchangeable license plates each require their own vignette?

Yes. It is a statutory requirement that the vignette is associated with the vehicle, rather than with the license plate.

? Do I need an additional vignette for a trailer or trailer home which is towed by a car?

No, as long as the towing vehicle is no more than 3.5 tonnes GVW, the vignette on the towing vehicle will suffice.

? Is the mandatory vignette requirement monitored?

Yes, compliance with the mandatory vignette requirement is monitored: by ASFINAG's toll enforcement units, the police and by automatic vignette cameras.

It makes sense to buy a vignette: Anyone caught by the police or ASFINAG without a valid vignette, pays a fine on the spot – €120 for cars, and €65 for motorcycles. Anyone refusing to pay this fine is

informed that they could be liable for a penalty of up to €3,000 following legal action.

? Are vignettes mandatory for rest stops on the motorway?

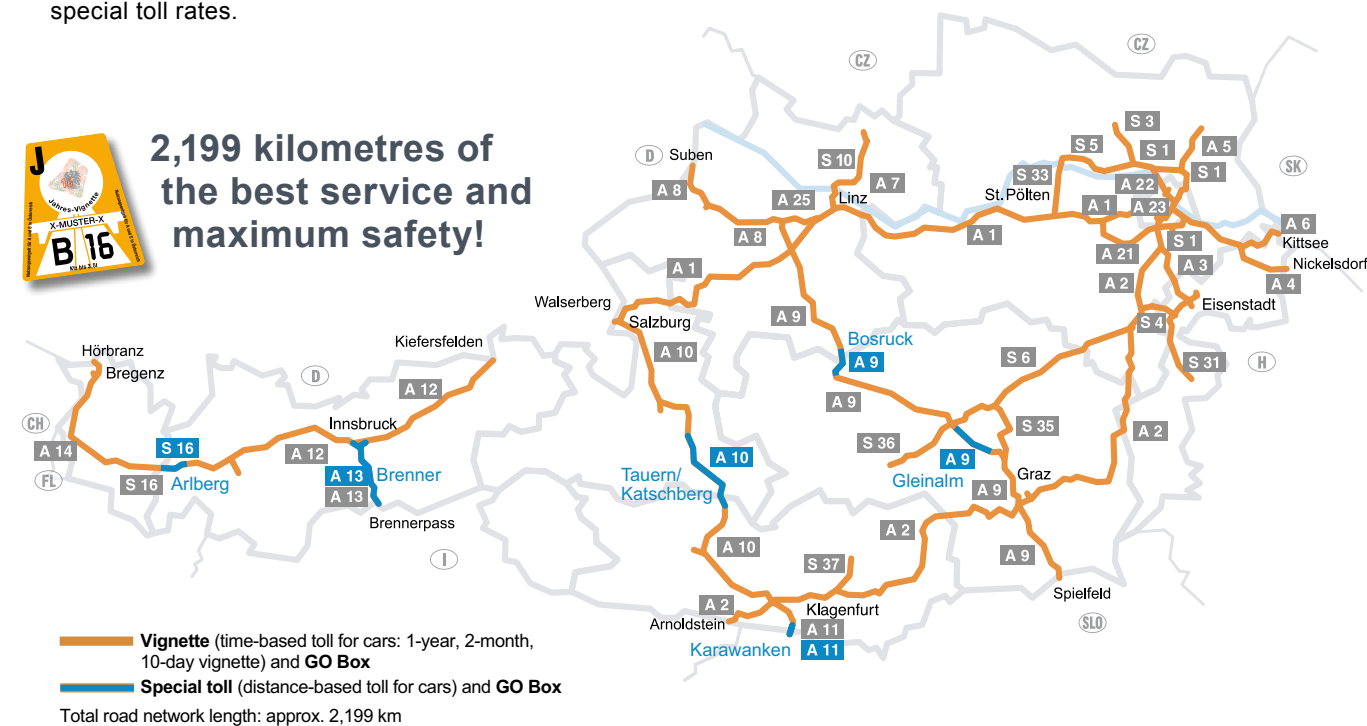

Yes; vignettes are also mandatory for rest stops which are also accessible from places other than the motorway.

? What are special toll routes?

Routes with very high construction costs (tunnel, bridges or mountain passes) are financed by special toll rates.

2,199 kilometres of the best service and maximum safety!

TIP: With a valid annual vignette, you can save €40 by purchasing an annual card for special toll routes.

? What should I do if the windscreen gets cracked or the car is wrecked?

If you have a 1-year vignette, you will receive a free-of-charge replacement vignette. To find out about the process and the documents you need for this, go to asfinag.at

ARRIVING SAFELY TOGETHER

Choose from 6,000 outlets to get your vignette

Around 6,000 sales outlets (petrol stations, newsstands, motoring associations and ASFINAG toll sites) which clearly display the vignette symbol. A list of all sales outlets can be found at www.asfinag.at/maut/vignette
